

Conor Hinchee

About

I am a full stack web developer focused on results and working among a team. I am familiar with Agile Methodologies and meeting deadlines. I am a contributor to open source software and Arctic Code Vault Contributor. A lover of the Web and an enthusiast of both JavaScript and React.

Skills

HTML5, CSS, and JavaScript. Flexbox, Bootstrap, and Material UI. ReactJS and ES6. NodeJS and Express. MongoDB, MySQL, and Google Firebase. Git, NPM, and Github. Stripe and Stripe Connect.

Projects

Line Eyes —

Line eyes is a Tinder swipe pregnancy test app. Users upload their pregnancy tests and other users vote if they think the test shows a positive result, negative, or invalid.

- Git and GitHub
- ReactJS
- HTML5
- CSS3
- Material UI
- Firebase
- Google Cloud
- React Native
